

## Armrest Friction RightShape

### Armrest Friction RightShape

Armrest Friction RightShape is an armrest built for heavy controls and displays.

The armrest has 7 different adjustments. Each function is quickly and easily adjusted.

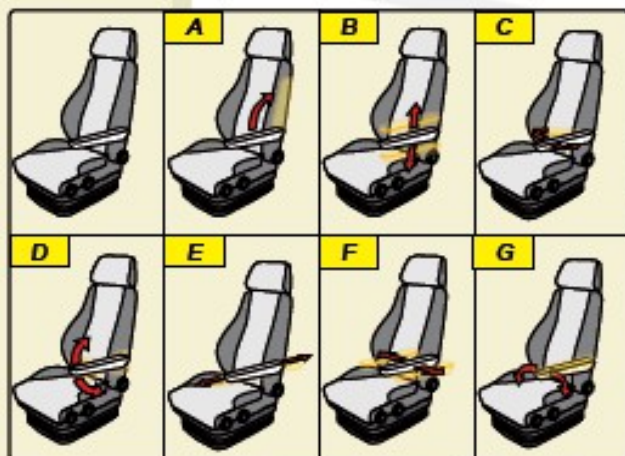

This is of great importance when several drivers use the same equipment during different shifts.

6017.26 Armrest Friction RightShape

The illustrated armrest was fitted using 6000.40 mounting kit, an optional extra.

- A. The armrest is hinged
- B. The armrest can be adjusted in height
