

Seat belts

Belts

- A 6545.00 Seat belt 90cm.
- B 6545.10 Seat belt 105cm.

A seat belt holds the driver's upper body against the seat and lumbar support. The belt should be fitted into the back of the seat or at waist height using a mounting kit. Drivers greatly appreciate belts and they are fitted as standard in many machines/equipment. These belts are not tested or approved for use as safety belts in cars or trucks!
